The CEE-project by Muntadas

First showed as a maquette (2 x 3 m) at the Galerie des Beaux Arts in Brussels in may 1989, the CEE-project becomes reality through a production by the Kanaal Art Foundation in Kortrijk, the Flemish textile city, with the cooperation of B.I.C. Carpets, Filtermat N.V., Calligore (Digital Design) and Meerschaut for the fabrication.

The CEE-project (carpet 4 x 6 m) is a Muntadas view on relationship of symbols and economics and consists of 12 pieces, each to be installed in a public space in each of the countries of EC through 1992. The first presentation was in the Netherlands at Rotterdam, in Witte de With OCA - on February 22, 1992.

A catalogue covering the 12 different sites will be printed and presented in 1993.

MUNTADAS

C.E.E.-Project 1989-1993

Thanks again to the intensive co-operation of a few companies in South-West-Flanders, the Kanaal Art Foundation has been able to realize a new project in 1992.

This one is the C.E.E.-Project of the Spanish artist Antoni Muntadas (Barcelona, 1943). As the title suggests, the work deals with the European Community. The work of art consists of a carpet (5.80 x 4 m) showing the European Flag, that is a blue blackground with 12 yellow stars. In each star the currency of each of the 12 member states is inserted. This stars with the coins in them evoke inevitably the image of the mythical "stars" in the pavement of Hollywood Boulevard.

For many years Muntadas' investigations into the significance and methods of the contemporary mass-media have been admitted. Apart from the media, his informative images within a well-defined context evoke a specific significance for a particular purpose. In his C.E.E.-Project, Muntadas wants to draw the attention to the relation between symbols and economy, and consequently to question the purposes of the European Community : Does the European Community become more than a monetary or a political-economic authority between the States and Japan ? Is there a cultural future for the European Community ?

The C.E.E.-Project will be shown in each member state of the European Community. It started in 1992 with the Netherlands, Witte de With, Rotterdam : 22/2/'92-31/12/'92. Then, Spain, Federación Española de Municipios y Provincias (Edge '92), Madrid : April 30 ; Portugal : Fundação Serralves, Porto : April 30 ; Great Britain, Brodgate, Edge 92, London : May 15 ; Belgium, Museum voor de Geschiedenis van de Wereld, Brussel : May 25, and so on every member state in turn. In conclusion, a catalogue with photographs and texts about all participating sites will be published.

Normally the conditions are as follows :

The exhibition fee for a museum or an institution is fixed on 5.000 US \$. It includes the transportation, and the artists fee. (As an intention of the project is the remaining of each carpet in one of the 12 EC-countries, it would be good if you could inform people in your own country, that the carpet is for sale. The sellingprice is now fixed on 10.000 US \$. Of course, if the museum or institution, which is taking the exhibition, wants to buy the carpet for their own collection, it is clear that they do not have to pay any exhibition fee.)

Referring to the annex of my letter I would like to draw your attention to the tight time shedule we have for the exhibition of the carpet and the catalogue. The C.E.E.-project has already been realized in 6 countries (see list) and it should be finished by the end of 1993. It would be a pity if we could not include Italy in the final phase of this important project. So it would be very helpful if you could send your reply at your very earliest convenience.

I want to thank you for your cooperation and I am always ready to give you more information. Also Muntadas will be in touch with you.

Hoping that Italy, through you, can participate in an interesting way to this international project, I remain,

yours sincerely,

Dear Patrizia Brusarosco,

In 1991, the Kanaal Art Foundation was producing the C.E.E.-project of the well-known spanish artist Antoni MUNTADAS to be exhibited from January 1992 on. Enclosed you will find information about the project and the participants.

The Kanaal Art Foundation wishes to contribute to the development of contemporary visual arts and gives particular attention to projects, which because of their large-scale character, their technical complexity or their boldness do not or barely get a chance elsewhere. From the beginning the art foundation committed itself to create an efficient environment for challenging international projects and a cooperation between artists and regional industries which provide the materials, technical ingenuity and funding.

In order to organize the production and the exhibition of the "C.E.E.-project" in each country of the European Community I write you to ask your cooperation for this project in Italy. Considering the two main elements of the C.E.E.-project, the exhibition and the distribution, I would like to get a concrete answer and a written engagement as soon as possible.

Milano, 22 november 1993

Dear Catherine de Zegher,

thank you for your fax about the C.E.E.- Project of Antoni Muntadas.
I already spoke by telephone with Antoni Muntadas and with you about the conditions in order to try to make the project happen in Italy.
I want to put down some ideas to discuss with you.

I really admire the Muntadas's work and I would love to have the carpet for me.
I could buy the carpet and make the show happen in Italy. I would begin with museums and institutions (I know some of the directors). We take Viafarini as the last possibility (even if the space is interesting, for a lot of reasons and even because it looks very roof, me too would prefer to find a more public space).

I think that I should offer the show to the institutions without asking any rent to be sure that they accept.
I would even look for a sponsor.
I would do this for free and I would love to do it.

Now I should speak about an offer to buy the carpet: I would love to have the carpet in my house but 10.000 \$ is impossible for me. Expecially with the actual change Lira-Dollar.
I can offer half this price and if we find a sponsor I can add the amount that we decide.

At the present this is the solution that I have in mind.
Please let me know what you think without esitations.

Sincerely
Patrizia Brusarosco

Dear Patrizia Brusaporci,

Yesterday I have spoken to Muntadas and we both have agreed to go ahead with your proposal.

We can give you the carpet for the amount of 5 000 US \$ on the conditions that you pay the transport to Italy and that, if you can sell the carpet, we still can get 2 000 US \$ clear.

Please, let me know as soon as possible if you can take this proposition into consideration. Considering the transport, I can always assist you in arrangements with a company in Belgium.

I wish to thank you again for your proposal and look forward to collaborating with you in a near future.

Gentile dott.sa Manfredi,

la presente per chiederLe un appuntamento al fine di discutere il progetto di Antoni Muntadas, the C.E.E. Project, a cui l'artista mi ha coinvolto per fare approdare il tappeto anche in Italia e a Milano.

Vorrei avere il Suo consiglio e la Sua collaborazione per portare a compimento questo progetto, soprattutto nel momento in cui sta diventando un lavoro "storico".

Attendo l'occasione per illustrarLe di persona l'attività generale di Viafarini, di cui allego qualche informazione e di cui ho lasciato materiale stampa presso il Suo ufficio, alla signora Cresta, assieme a documentazione su Antoni Muntadas.

Ringraziando per l'attenzione, distinti saluti.

SOLO QUESTA PAGINA

Cara Patrizia,

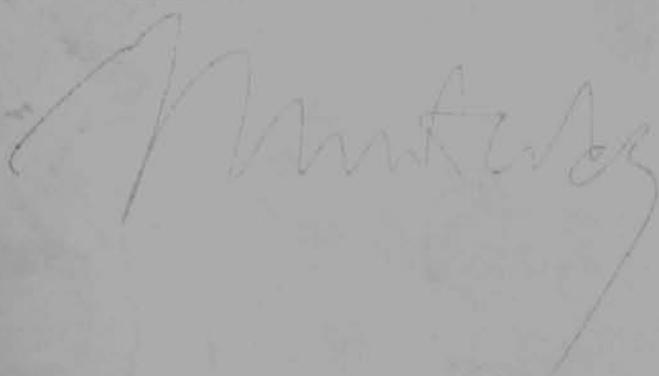

ti scrivo per farti qualche suggerimento sulle condizioni in cui si puo' presentare il "CEE Project" a Milano. Innanzitutto a questo punto e' importantissimo che il progetto venga esposto entro Dicembre dato che da Gennaio si considera chiuso e si prepara la pubblicazione.

Vorrei che fosse chiaro che il luogo dove si installera' il tappeto non deve essere per forza/necessariamente uno "spazio d'arte". Puo' essere uno spazio "aperto" pubblico come - per esempio: una biblioteca, l'entrata di un edificio pubblico, un grande magazzino, ecc. Pensandoci - per cercare di rendere piu' concreta la mia idea - potrebbe essere uno spazio come: l'entrata dell'Accademia di Brera, l'entrata della sede RAI, una facolta' dell'Universita' come Architettura al Politecnico, la biblioteca dell'Universita', una libreria, l'entrata di un giornale come il Corriere della Sera, uno spazio pubblico e frequentato della Fiera, e cosi' via.

L'unica altra cosa importante e' di farmi avere una buona foto a colori dell'installazione.

Aspetto tue notizie.

A presto,

Milano, 10 ottobre 1994

Egregio dott. Ferretti,

desidero proporre al Vostro Istituto di partecipare al progetto di Antoni Muntadas, "The C.E.E. Carpet", ospitando a Milano presso la sede centrale della Comit il grande tappeto- opera dell'artista entro il 1994.

Il tappeto, di cm. 400x600, porta riprodotte le monete dei dodici paesi della C.E.E. ed è stato itinerante nei 12 paesi stessi in sedi diverse. Al termine del progetto l'artista stamperà un catalogo specifico.

Ho ricevuto l'incarico da parte dell'artista di organizzare l'esposizione del tappeto in Italia entro il 1994 in sede adeguata; ritengo di prestigio per il Vostro istituto e adatta la Vostra sede affinché sia la Comit a Milano a partecipare al progetto.

Cordiali saluti
Patrizia Brusarosco

Allego materiale informativo e mi riservo di mostrarLe personalmente i cataloghi relativi all'opera dell'artista.

Le propos d'Antoni Muntadas semble moins acide que ceux
de ses installations précédentes qui étaient des diatribes
contre la perversion médiatique, la muséification des villes
ou le système de l'art... Ainsi, l'inévitable reconversion de la
ville de Calais apparaît-elle comme une mue, l'ancienne peau

Dear Antoni Muntadas,

thanks for your fax of today.

I'm taking care of the CEE carpet, I promise you, but I'm having some "no" (by a foundation and by a bank).

Now I'm trying exactly the places you are suggesting: I'll keep you informed.

As the last solution, Viafarini, as the first and only "non profit, public, installation space in Italy", is available. It is a roof, industrial space, mt. 20 x 8 x 4 H.

I'll send you a photo.

I should come to N.Y. from 27 october to 3 november: are you going to be there? Please let me know. I look forward to meet you.

Sincerely

Milano, 15 november 1994

Dear Antoni Muntadas,

relating to the C.E.E. project, perhaps there is the possibility to show the carpet in a public space of Comune di Milano, an information office in Galleria del Duomo, open on the street, before the end of the year.

In case, could you be in Italy for the presentation? It would be important you to be present but there is no budget for any cost, for this year.

It would be wonderful if, in your planes, you can organize to come and you will be my guest in Milan.

Best regards

Egregio dott. Negri,

tra i progetti presentati al Comune di Milano per il 1994 c'era THE C.E.E. CARPET di Antoni Muntadas

L'artista vorrebbe presentare il tappeto presso una biblioteca pubblica, si pensava alla Sormani, assolutamente entro il 1994.

Vorrei parlarLe personalmente per chiedere al Comune di Milano la disponibilità della Sormani (o altro luogo pubblico) per presentare questa opera che rientra in un progetto più ampio, itinerante in tutta Europa, come da allegati.

Attendo un Suo riscontro, distinti saluti

Dear Antoni Muntadas,

I'm sorry, but the answer of "Triennale" is NO.

If they don't change their mind in genuary, I would suggest to do the photo-installation in Viafarini in Genuary.

Anyway, before I want to see the office of "COMUNE DI MILANO - ASSESSORATO SPORT TURISMO TEMPO LIBERO-UFFICIO GIOVANI".

This is a new information office devoted to young artistic research in different fields.

The problem is the size and the transportation of the carpet.

I will let you know.

Have a good Christmas and we will keep in touch after the 3 of genuary.

Best regards

Patrizia Brusarosco

Milano, 26 genuary 1995

Dear Antony Muntadas,

can you all me back or fax immediately?

On monday 30 I'm going to photo the carpet.

The photo will be done outside in the square in front of the Duomo and Palazzo Reale (public exhibition space of Comune di Milano) if not raining, or inside the public office of Comune di Milano (you can see the Duomo or the Galleria from the big windows)

Please confirm me because the job is hard and I want to be sure of it.

Looking forward to hear from you,

Patrizia

Dear Antoni Muntadas,

I writing to you just to know if at the end you succeeded with the Milan photo of the C.E.E. Carpet, and if the project is completed.
I'm sorry that in Italy is so difficult for everything, it is not my responsibility, I think, perhaps things are changing sloovly.

I even would like to know if the book is already published and how is possible to have a copy, when is ready.
I would love to have this book!

RE: Loan of Antoni Muntadas CEE-Project

Dear Patricia Bruserosco,

Our museum, the Ludwig Museum—Museum of Contemporary Art, Budapest is organizing an exhibition for Muntadas which will be opened November 12th, 1998. We intend to present a selection of his previous works together with a project conceived for Budapest.

As Antoni Muntadas informed me, one copy of his piece *CEE-Project* is in the courtesy of the gallery. We would like to know about the possibilities of loaning these work. Could you please communicate us the details?

Thank you for in advance your cooperation, I look forward to hearing from you soon.

RE: Muntadas piece

Daear Dora Hegyi,

thank you for your fax of June 29 regarding the Muntadas exhibition.

Regarding the CEE piece, I am wondering if it would not be to complicated to move the piece: we had a lot of trouble in installing the piece where it is placed now (it is the carpet of a living room) and anyway it would require to be cleaned.

If you believe, however, please contact me.

Sincerely,

Patrizia Brusarosco

Caro Antoni Muntadas,

It would be great to have a show of you in Viafarini!!!

We should speak better about when and how! (You know that Viafarini has always budget problems!! especially in this moment the agreement with Comune di Milano is finishing and I'm working to renovate it.)

I know from Roberto Pinto that you should be here in march for this show "art & sport": in march we already are "programmed" but this is an occasion to speak about doing something for next season.

What do you think?
